## **DETAILED ACTION**

### ***Information Disclosure Statement***

- The Information Disclosure statement(s) and related documents that were filed on 1-6-04 and 7-6-04 have been considered.

### ***EXAMINER'S AMENDMENT***

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312.

To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Gerald E. Hespos on 10-29-04.

2. The application has been amended as follows:

-- Claim 1, line 4; delete "wherein" and insert -- comprising--.

-- Claim 7, line 22; after the word relative, insert -- to --.

3. Reasons for Allowance

- The allowed claims are 1-14.
- The following is a statement of reasons for the indication of allowable subject matter:

The prior art does not show the claimed housing, mating housing, lever, supporting member (frame), moving plate, and the particular claimed cam relationship between the lever

Art Unit: 2833

and supporting member in combination with all the other elements of the claim and the examiner knows of no permissible motivation to combine the prior art such that the subject matter as a whole would have been obvious at the time the invention was made.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

#### 4. Interview Summary

- The following is an examiner's summary of the interview: During the interview, it was agreed to amend the claim language by an examiner's amendment to correct grammatical errors and not the scope of the claim.
